Cookie policy

Downloaded on 28 November 2026 · www.invisibleteam.nl/pages/cookies

Short version

This website does not use tracking, analytics or advertising cookies, so there is no cookie banner.

What is stored in your browser

Your request list (cart) is kept in your own browser (local storage) so it is still there when you come back. It is never sent to anyone.

The chat assistant keeps the current conversation in your browser tab (session storage) until you close the tab.

These are strictly necessary for the website to work, so the law does not require your consent for them.

Third parties

Payments are handled by Stripe. When you pay, Stripe may set its own cookies to prevent fraud; see stripe.com/privacy.

Embedded content, such as links to Instagram or WhatsApp, only loads when you click it.

We count visits with Metricool. This sets no cookies and stores nothing on your device; see the Privacy policy.

Questions

Email invisibleaiteam@gmail.com. More about how we handle your data is in our Privacy policy.
